

Visual Presentation Manager

AutoZone, Inc. Store Support Center
Memphis, TN

Description Manage all activities related to AutoZone's product presentation, planograms and overall visual presentation. Implement strategies and tactics to ensure that annual planogram productivity goals are met. Assure effective and timely planogram implementation in accordance with the annual category review calendar. Identify, prioritize, and distribute workflow to Visual Presentation team leads and their teams in accordance with the annual category review and promotional schedules.

Guide category managers in optimizing their in-line and promotional assortments to meet in store space allocation guidelines by utilizing item level performance, and space to sales analysis.

Monitor planogram development efforts of the visual presentation teams to ensure timely implementation and accuracy of planogram drawings and as defined by the category and promotional reviews. Manage cross-functional efforts with category managers, supply chain, business analysis, marketing, store operations, and the fixture management team. These cross functional efforts will ensure timely communication and flawless execution of all aspects of visual presentation at the store level.

Position Requirements 5-8 years of management experience working in a Visual Merchandising, Marketing and/or Advertising environment
A Bachelor's degree (BA, BS) or equivalent, with a concentration in Business, Marketing or Merchandising is preferred.
Strong knowledge of JDA software.
Ability to work in a time-oriented environment.
Ability to create, interpret, and make decisions on financial reporting.
Knowledge of graphics design is preferable.
Must be detail oriented and able to demonstrate a high level of professional maturity and leadership.
